SOCIABILITY TOUR

TO BEDFORD SUNDAY BY THE MARYVILLE AUTOMOBILE CLUB.

ROYALLY ENTERTAINED

Band From Bedford Met the Party at Hopkins—Fine Supper at Bedford for the Party.

The sociability run of the Maryville Automobile club to Bedford, Ia., Sunday was a great success, and the rain of Saturday night, which delayed the start until Sunday afternoon, put the roads in the best of condition.

Seventeen cars were entered in the run and each car was crowded with occupants. The start was made from the southwest corner of the square at 2:15, under the direction of Horace Richmond, official starter, and it was about a half hour later when the last car left. The route taken was over the bottom road, and Hopkins was reached at 3:15 p. m., where the party was met by Mr. Campbell of Bedford Times-Republican and a twelve piece brass band. A stop of fifty-five minutes was made in Hopkins, a band concert filling most of the time. At 4:10 p. m. the trip was resumed and Bedford was reached one hour later, and for two hours the autoists received a royal entertainment at the hands of the Iowa people. A banquet was served at the Hotel Garland and a most excellent menu was served. It was as follows: Puffed wheat, grape nuts, toasted corn flakes, tenderloin with mushrooms, fried chicken, cream gravy, fried or broiled ham, cold roast beef, pickled ox tongue, fruit salad mayonnaise dressing, sliced tomatoes, potato chips, hot biscuit, apricot ice, Maude S. cake, ice cream, watermelon, tea, coffee, ice tea, milk.

At Hopkins, Mayor Donlin met the party with the glad hand and offered the keys to the little city, and also extended an invitation to attend the ball game played between Hopkins and the Bloomer Girls, but the party did not have time to accept. The big surprise of the day was sprung on the party when Campbell of Bedford came to Hopkins with the Bedford band. One man in the party said, in speaking of Campbell, "that he is not a camel, but a dromedary and has two humps, and one of them is humping all the time. He came originally from Chicago, and Chicago sure lost a lot of energy when he left, and as for Washington crossing the Delaware—he never would have gotten across if Campbell was not there; and as for Sherman on his march to the sea—why, Campbell was just out ahead blazing the way; and say, girls, I understand he is single, but, like the Irishman's flea, is hard to catch."

The return trip started at 7 o'clock and was made by the way of Orrsburg over the east Saints Trail, or the Ridge road, the party reaching Maryville at 10 o'clock. The cars entered went in the following order:

Pilot—W. J. Staples, Mrs. Staples, Harold Staples, Miss E. Ashford.

Car No. 1—Mr. and Mrs. Bruce Montgomery, Mr. and Mrs. J. F. Montgomery, Miss Hope.

Car No. 2—Mr. and Mrs. Hal Hocker, Miss Ruby Townsend, Miss Stella Townsend, Miss Lena Stockton.

Repair car—Messrs. Atherton, Whitney and Aldrich.

FRIGHTENED HORSE CAUSES ACCIDENT SUNDAY

Sunday afternoon about 5 o'clock Guy Mutz and wife and little babe were starting to their country home. They drove into the driveway of the Wm. Everhart ice plant and Mr. Mutz stepped out of the buggy, leaving his wife and babe, intending to hold the lines while he spoke to Mr. Everhart. Just as he stepped to the pavement the horse frightened at something, giving an unexpected plunge forward, and wrenched the lines from his hands. Turning north the horse ran out into First street, and turned west, just as they cleared the building the buggy overturned, throwing Mrs. Mutz and her babe out, dragging them several feet, then running west on First street to the R. G. Sanders home, where a big touring car was standing. The horse ran into it and the buggy was almost demolished.

Mrs. Mutz had the presence of mind to hold to her babe, and it escaped uninjured. Mrs. Mutz was not seriously hurt, but was bruised and frightened.

She narrowly escaped a serious accident.

HERE TO ATTEND WEDDING AND REUNION

Mrs. Ed Sturm of Oklahoma City will arrive in Maryville Monday night to visit at the home of her parents, Mr. and Mrs. C. Q. Smith, and at Mr. Sturm's parents, Mr. and Mrs. Nic Sturm, of South Main street. On August 9th she will accompany the Smith family to Kansas City to attend the wedding of Charles Woodson Smith, the eldest son of C. Q. Smith, and Miss May Frances Cunningham of Kansas City at the cathedral.

Mrs. Lawrence Hunt of Lamar, Col., will join them there and the entire family will return to the home of C. Q. Smith, where a family reunion will be held.

Contest People Gone.

Mr. and Mrs. John Dempsey, who conducted the pony contest on the Tribune, which closed last Tuesday, went to Marshall, Mo., where they will conduct a contest for the paper. Their home is in Detroit, Mich. While here they made their home with C. Q. Smith and family, on South Main street.

A marriage license was issued in Kansas City to Harry C. Miller of Eagleville, Mo., and Miss Rosa Ingram of Hopkins.

Mrs. George Anderson of Bolckow, accompanied by her father, John Gilden of Boliver, Mo., who is visiting her, were in Maryville Saturday on business.

ELECTION ON AUG. 15

TO VOTE ON \$100,000 BOND ISSUE TO INSTALL WATER PLANT.

COUNCIL MAKES ORDER

For the Election, Every Member of the Board Voting For It—Judges Were Selected.

A special election will be held on Tuesday, August 15, at which time the people of Maryville will vote on the proposition of issuing \$100,000 bonds to install a water plant. Such an ordinance ordering an election was adopted by the council Saturday evening, every member of the board voting for it.

Before the vote was taken on the ordinance, Mayor Robey recommended that every member of the council vote for the adoption of the ordinance, as he personally wished. While there seems to be some opposition to the bond issue from a few members of the council, still they voted for the ordinance, giving the people a right to say how they stand. These members were of the opinion that they could get a fair and reasonable rate from the company. But the city has been trying to get a fair and reasonable rate from the company for the last six years or so, and none has ever been offered, and there don't seem much show that a fair and reasonable rate will ever be given, unless this bond issue will cause them to do it.

As one member of the council said, "the carrying of the bond issue will cause the present water company to get busy. They will either offer what is considered a fair and reasonable rate on a franchise or they will sell their plant at a fair price. I don't think that the water company will dig up their mains and take out their other machinery, as they have been stating from time to time that the plant has been losing money, and I would think that they would be glad for the city to buy either their mains or any part of their machinery that is in good condition."

The ordinance also provides for the collection of an annual tax sufficient to pay the interest of such indebtedness as it falls due, and to constitute a sinking fund for the payment of the principal thereof at maturity. The members of the council feel that it would be necessary to provide for a tax levy probably for the first year, but after that the receipts would be enough to cover all expenses and it would not be necessary to have an extra tax levy.

The polling places in the city will be as follows:

First ward—City hall.
Second ward—Robey's garage.
Third ward—Gray's feed yard.
Fourth ward—Nodaway Manufacturing company's shop.

The judges of the election were also selected and will be:

First ward—L. C. Gann and Noah Sipes.
Second ward—William G. Sawyers and I. V. McMillan.

Third ward—J. F. Cook and David Munn.

Fourth ward—William Helphy and William Moyer.

The ballots of the special election will be in this form:

"For increase of debt—Yes," or "For increase of debt—No."

If the city can get a reasonable offer from the water company on a franchise and it is acceptable, it won't be necessary to issue the bonds, even if they do carry. It is thought by many that the city will never have to issue bonds to install a plant here, as the present company will come down "off their perch" and do what is reasonable and fair in rates.

The city can either buy any part or all of the present company's plant or go ahead and put in a new one, so the ordinance provides.

It is necessary for a two-thirds majority for the bond issue to carry.

PLENTY OF ARTIFICIAL ICE ON HAND NOW

William Everhart, manufacturer of ice on South Main street, began the manufacture of ice Monday to be used exclusively. With the supply of water on hand the water company is furnishing full service to the city, and Mr. Everhart thinks it well to keep the river ice as long as he can supply the demand with artificial ice.

HIS FIRST SERMON

AS PASTOR OF THE CHRISTIAN CHURCH OF THIS CITY.

SPECIAL MUSIC GIVEN

Rev. Claude J. Miller of Des Moines Commenced His Pastorate of the Church Sunday.

Rev. Claude J. Miller of Des Moines, Ia., who was last Sunday called by the members of the First Christian church to accept the pastorate of the church to succeed Dr. L. O. Bricker, who recently left the church here to accept the pastorate of the Christian church at Atlanta, Ga., preached his first sermon here Sunday morning as pastor of the church. Rev. Miller read as a Scripture lesson part of the 15th

REV. CLAUDE JOHN MILLER, The New Pastor of the First Christian Church of This City.

chapter of I Corinthians, taking as his text the 58th verse: "Therefore, my beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord, forasmuch as ye know that your labor is not in vain in the Lord."

His subject was "The Three Landmarks of Apostolic Faith," which he classified as follows:

The first landmark—Be ye steadfast. No matter what our environments God expects us to be steadfast. St. Paul, the writer of the chapter from which the text was taken, was steadfast even in the evil city of Corinth. The soldier's true test of chivalry is not in marching in line with waving colors to the sound of grand music, with an applauding crowd cheering them ever onward, but in responding to the call to fight, in suffering hardships without murmur, and even in giving one's life gladly if given in the cause of right. The test of a Christian is not in doing the grand things of life, but in the doing of the little things every day in the home, in the business world and in conquering self.

The second landmark—Be unmovable. "We, as Christians," said Rev. Miller, "need the unmovableness of a Gibraltar. Humanity, in general, can be depended upon. Many may deceive us, and betray us, but we must overlook their deceit and falseness, as sometimes it is thoughtlessness of heart that causes them to wound us. The test of a sailor is not when the ship is launched to the shore with waving banners and the praise of the multitude, but the true test is when he meets peril out in midsea and meets it bravely and undauntingly. The true test of a Christian is out on the billows of sorrow, when he shows a true spirit which overcomes every obstacle."

The third landmark, as set forth in Rev. Miller's discourse—"Always abounding in the work of the Lord. Not only when things go just right, but under any circumstances, not censuring our fellow men. If a brother be overtaken in a fault, ye who are spiritual restore such an one. We cannot all be leaders, but if we will be content in our station and do the duties set for us to do without even expecting thanks from the world we will be acceptable in the eyes of Christ. Has the world ever thanked God for His gift to it? Yet, how willingly He has given His own Son to die for our sins."

The speaker made an earnest exhortation to his people to go about doing good, practicing the Christian religion, giving their best service, being heroic always.

"Steadfastness, unmovableness, always abounding in the work of the

Lord are the rocks over which we can reach Jordan."

The Sunday evening sermon was evangelical, the subject being "God's Balances." The baptismal service was administered.

Large audiences attended both services. Special music was rendered by the choir under the direction of Prof. H. J. Becker, with Dr. D. J. Thomas accompanist on the magnificent pipe organ. Miss Ruth Ingman, soloist of one of the churches in Pueblo, Col., assisted the choir at the evening service. Following is the musical program:

Morning service:
Anthem—"Oh, Thou, Whose Tender Mercy".....Harry Hale Pike Choir.

Evening service:
Male octet—"Memories of Galilee".....Palmer
W. E. Goforth, Kenneth Frazier, Otto Frazee, Mr. Flint, Ray Poland Ed Gray, F. Reavis, H. J. Becker.
Mixed quartet—"There is a Land Mine Eye Hath Seen".....Crowninschield
Mrs. F. P. Robinson, Miss Saylor, W. E. Goforth, H. J. Becker.
Soprano solo—"The Light is Growing Dim".....Shelley Miss Ingman.

In Rev. Miller's talk preceding his sermon he spoke many complimentary words of the former pastor, Dr. L. O. Bricker, who was so well beloved by the members and friends of the church, and entreated the church to stand loyally by the younger man on whom the mantle had fallen.

Rev. Miller will move here from his former home, Des Moines, in the next few days. He comes highly recommended both as a citizen and as a speaker, and the church here feels confident that he will make a worthy successor to Dr. Bricker.

W. A. George of Lexington, Neb., was in Maryville Saturday on a short business trip.

Charles P. Heekin of St. Joseph was a Maryville visitor Saturday. He formerly lived here.

The little Misses Mary and Ruth Anthony of Hopkins arrived Saturday evening to visit their grandmother, Mrs. C. H. Anthony of North Buchanan street.

DROUTH IS ENDED

A GENEROUS RAIN FELL ALL OVER THIS SECTION.

RIVER IS BANK FULL

Water Company and Electric Light Plant Restored Their Service Today.

The long drouth this section has suffered was broken Saturday night, when a rain of about two inches fell all over Nodaway county and this part of the country. At 10:30 o'clock Saturday night a gentle rain began falling and continued to about 4 o'clock Sunday morning, the total precipitation amounting to 1.58 inches in Maryville. In some parts of the county the rainfall was 2 inches.

This is the first rain of any consequence since May, and is worth many a dollar to Nodaway county. It means a good corn crop, and pastures were greatly benefited.

The 102 river, which has been so low that it was necessary for the water company to cut off their service except for five hours out of the twenty-four hours for the last ten days or so, is bank full Monday morning and the water is running over the dam near the pump-house. The water company pumped the greater part of the day Sunday and full service was restored today. There is plenty of water in the river, and it will not be necessary for the water company to shut down again.

The Electric Light company, which also shut down part of their service on account of the shortage of water, was running everything Sunday night and will continue to do so.

The crisis in Maryville is over from the shortage of water, and Manager G. B. Roseberry of the water company said Monday morning that there was plenty of water in the river and the water company need not shut off part of their service any more.

The rainfall by months up to July in 1911 is: January .93, February 3.96; March 1.69, April 1.75, May 2.81, June 1.03.

The weather is cooler, and on Sunday it was not over 84 degrees by the government thermometer. On Monday the thermometer was 71.

ANNUAL BUSINESS MEETING POSTPONED

The annual business meeting of the Christian church of Pickering has been postponed from the first Sunday in August to the first Sunday in September on account of the absence of the pastor, F. M. Lindenmeyer, who, with his family, is spending his vacation with relatives in Iowa and Minnesota. A good program is being arranged and the attendance of the entire membership of the congregation is desired Sunday, September 3.

Frank McKee and wife of near Bagnard were shopping in the city Saturday.

William Tame, W. R. Tame, Vee Gray and Alfred Owens of Hopkins were in Maryville Saturday evening.

The Weather

Fair and cooler today; Tuesday fair.

Eye Warnings

Come in aches, pains and burning sensations. Most everybody feels these symptoms sooner or later—but few people heed them soon enough. If you have cause to rub your eyes when reading at night, or when sewing, it is ample time to get the help of glasses. The right glasses will give immediate relief. We are able to fit you perfectly in the quickest possible time.

A Curious Swiss Custom.

In one part of the canton of Ticino,
Switzerland, a very quaint marriage
ceremony prevails. The bridegroom
dresses in his "Sunday best" and, ac-
companied by as many friends and
relatives as he can muster for the fete,
goes to claim his bride. Finding the
door locked, he demands admittance.
The inmates ask him his business, and
he solicits the hand of his chosen
maiden. If his answer is deemed sat-
isfactory he is successively introduced
to a number of matrons and maids,
some perhaps deformed and others old
and ugly. Then he is presented to
some large dolls, all of whom he re-
jects with scorn amid general merrit-
ment. The bridegroom, whose temper
is sometimes sorely tried, is then in-
formed that his ladylove is absent
and is invited to come in and see for
himself. He enters and searches from
room to room until he finds her in her
bridal dress ready to go to church.
Then all his anxiety is at an end, and
the nuptials are duly celebrated.

W. R. C. SOCIAL
SATURDAY A SUCCESS

The Woman's Relief Corps gave a social Saturday evening on the court house lawn which was a pronounced success, both socially and financially. The ladies planned to give the social on Flag day, but had to postpone it on account of the rain at that time, and it had not been opportune as to time until Saturday, when the ladies planned to give the social. This time they were more fortunate, for while there was a good rain, it did not come until after the ladies had gone to their respective homes. A large crowd witnessed the presentation of the handsome American flag by the ladies of the corps to the boys of Company F. Mrs. R. M. Black made a fitting speech in presenting the flag, to which Captain Cook responded in behalf of Company F.

The receipts of the evening were something like \$40. Many compliments were heard on the refreshments served.

IN FAVOR OF SHORTER
TERM OF SCHOOL

At the chapel exercises of the Normal Monday morning a lengthy discussion was had as to the advisability of a shorter summer term. Numbers of the students and teachers expressed their opinion for or against a nine weeks' term of forty-five days, five days per week, as against the present sixty-day term of a ten-week session of six days each, or the twelve-week session of five days each. There is no doubt that the present long term is too hard on many of the students who have to teach the following winter. It is required by law, however, and three approved grades may be made in that time. The consensus of opinion among both students and teachers favored the forty-five day session with only two approved grades, the plan under which the summer sessions of the state university are carried on.

The action of the members of the Normal is in no manner official, and will only be used as an influence at the next legislature for a change to the shorter session. The Normal schools all over the state hold the same sessions, and it is too much of a strain through the hot weather, and when immediately preceded or followed by nine months of school work. They would all welcome the change.

CONGRESS STILL
FACING BIG JOB

Important Legislation to Be Enacted Before Adjournment.

WOOL BILL WILL BE PASSED.

Free List, Congressional Reapportionment and New Mexico and Arizona Statehood Measures on Calendar. Deadlock Likely.

Washington, July 24.—With the Canadian reciprocity bill disposed of, having passed the senate by a vote of 53 to 27, congress now will get actively to work with a view to adjournment at the earliest possible moment.

Various guesses are made by leaders of the two houses, Senator Penrose of Pennsylvania suggesting Aug. 15, while Speaker Clark does not expect the special session to end before the first of September.

In the meantime, there will be a great deal of important legislation enacted. Besides the reciprocity measure, just passed, congress will put upon the statute books: A wool bill, a free list bill, a congressional reapportionment bill, a bill admitting Arizona and New Mexico into the Union.

Any one of the above measures contains the germs of a deadlock between the two houses. This particularly is true of the wool bill.

Disagreement on Wool Bill.

The Democrats of the two houses are determined that congress shall not adjourn without enacting a measure for the revision of the notorious schedule "K." This is the attitude also of the progressive Republicans of the senate. Combined, the Democrats and progressives can pass a bill dealing with this subject. Divided nothing can be done. The senate Democrats want the house wool bill to be passed by the senate. The progressive Republicans want a bill drafted by Senator La Follette adopted. Negotiations have been on for some days with a view to reaching an agreement, but thus far they have failed.

If when the vote is taken on the wool bill the La Follette substitute should be voted down and the Democratic measure should be beaten, a wool proposition can be attached as an amendment to the so called farmers' free list bill. It is likely these will be the tactics employed.

The several factions in the senate will go on record in connection with the wool duties, and when this has occurred then action looking to a compromise will occur. No one has much doubt that a wool bill will be passed either as an independent measure or as an amendment to the free list proposal.

The latter will be swelled by other amendments. For instance, the Democrats are likely to accept a proposition made by Senator Bristow of Kansas removing the differential on sugar and abolishing the artificial and unnecessary Dutch standard. They also will be disposed to vote for amendments offered by Senator Cummins of Iowa, reducing the duties on steel. Various other amendments looking to a reduction on manufactured articles likewise have a chance of adoption.

FIND MORE HUMAN REMAINS

Total Recovered Up to Date Now Reaches Eleven.

Havana, July 24.—The remains of bodies, supposed to represent six or seven members of the crew of the Maine, were recovered, bringing the total so far found to eleven. All were discovered beneath the enormous mass of wreckage on the central superstructure near the inverted conning tower.

The bodies were piled in a confused mass. Hardly a single member is intact, most of them showing evidence of the action of the fire which, immediately after the explosion, raged in that section of the ship.

Gideons Re-elect Officers.

Milwaukee, July 24.—At the national convention of the Order of Gideons, a religious order among commercial travelers, the following officers were re-elected: National president, A. B. T. Moore of Cedar Rapids, Ia.; treasurer, Nels Rylander of Chicago; secretary, W. E. Henderson of Chicago; chaplain, L. C. Smith of Waukesha, Wis. A. E. Mielenz of Milwaukee was elected vice president, the only new officer. Atlanta, Ga., was selected for the 1912 convention.

Former Judge Kills Self.

St. Louis, July 24.—Registering under an assumed name at a hotel, former Circuit Judge W. E. Fisse, one of the best known attorneys of St. Louis, killed himself with a revolver. His friends ascribe the cause to a nervous breakdown.

Three Drown When Canoe Overturns.

Grand Rapids, Mich., July 24.—Charles Dixon of Kansas City, his son, aged sixteen, and a daughter, aged fourteen, were drowned by the upsetting of a canoe in Lake Michigan at Macatawa park. One son, aged eleven, was rescued in time to be resuscitated.

BURBANK ALLEGES FRAUD

He Declares Washington Experts Send Out Trash.

San Francisco, July 24.—Charges that experts in the department of agriculture, through ignorance or worse, are sending out tons of "just as good as Burbank" spineless cactus, which in reality is "ancient trash, such as the builders of the pyramids in Egypt might have cultivated," are made by Luther Burbank.

Mr. Burbank fires a broadside of sarcasm and scorn at the experts in the department. He speaks of his own achievements as "the most valuable improvements in vegetable life during the centuries and fully equal in importance to the discovery of a new continent."

ONE DEATH FROM
CHOLERA IN BOSTON

Lodging House Proprietress Dies of Dread Disease.

Boston, July 24.—Asiatic cholera has reached Boston and caused one death, while two foreign sailors who are believed to have brought the disease here, after being ill, have disappeared and their whereabouts is unknown, according to a statement given out by the Boston Board of health.

The victim was Mrs. Mastrodinico. She took into her home as lodgers a few weeks ago two sailors who are said to have come from an Italian port. The sailors were ill and have disappeared. The children of the woman are under observation and the board has begun an examination of many persons who have come into contact with the dead woman.

CASE DIAGNOSED AS CHOLERA

Fumigating Squad Follows Trail of Spanish Sailor in New York.

New York, July 24.—Medical experts from the board of health swept aside the doubts and waning hopes of Bellevue hospital doctors by diagnosing as Asiatic cholera the case of Manuel Bermudes, the Spanish sailor, whom the 146 hospital has sheltered for two days. The verdict was hardly given before a closed ambulance, bearing Bermudes, rumbled away to a nearby pier, and placed the victim aboard a waiting vessel which steamed down the harbor for quarantine.

Manhattan's first case of the plague by infection came as a shock to the municipal authorities, who lost no time in attempting to purge the city of any germs that may be left behind. In the trail of the sailor—two days cold—there traveled a fumigating squad to the boarding house where the malady attacked him. For five hours they turned their batteries upon the structure, which, they said, was left without a living germ of the disease.

Swinburne island hospital lost another sufferer from the cholera, a seventeen-year-old boy who was a steerage passenger on the steamer Mohke.

Bid for First Canal Trip.

Washington, July 24.—"It delights me to know that there are people in the Mississippi valley who are taking practical steps to improve our merchant marine," wrote President Taft, in reply to a letter asking him to permit a vessel of the Mississippi Valley, South American and Orient Steamship company, which plans to build a fleet of American vessels, to sail through the Panama canal first.

RECIPROCITY BILL MARKS NEW EPOCH

President Taft Issues Statement Anent Passage of Measure.

HOPES CANADA WILL AGREE

Belief of Executive That Carrying Out of Provisions of Treaty Will Be of Surprising Value to Economic Conditions of the Country.

Beverly, Mass., July 24.—In the first statement he has made since the passage of the reciprocity bill by the senate, President Taft, at the summer White House, freely acknowledged that his long, hard campaign in behalf of that measure would have proved unavailing if the Democrats had not helped him.

The statement reads as follows: "That I am very much pleased with the passage of the Canadian reciprocity bill through both houses of congress goes without saying. I believe and hope it will be followed by similar action by the Dominion parliament."

"In my judgment, the going into effect of the agreement will mark a new epoch in the relations between the United States and Canada, and will tend to a marked increase in the trade between the two countries, which will be in every way beneficial to both."

"I hope the credit that belongs to Secretary Knox and his special assistants at the state department in the negotiating and framing of the pact and their lucid explanation and defense of its terms will not be withheld."

"In a sense, the bill passed was a nonpartisan measure, though the Republicans who voted for it probably did so on an economic theory and the Democrats who voted for it on another. I should be wanting in straight forward speaking, however, if I did not freely acknowledge the credit that belongs to the Democratic majority in the house and the Democratic minority in the senate for their consistent support of the measure, in an earnest and sincere desire to secure its passage."

No Amendments Tacked On.

"Without this reciprocity would have been impossible. It would not have been difficult for them to fasten upon the bill amendments affecting the tariff generally in such a way as to embarrass the executive and to make it doubtful whether he could sign the bill, and yet to claim popular approval for their support of reciprocity in its defeat. In other words, the Democrats did not 'play politics' in the colloquial sense in which those words are used, but they followed the dictates of a higher policy."

"We Republicans who have earnestly sought reciprocity and some of whose votes were necessary to the passage of the bill may properly enjoy mutual felicitations on a work well done. To those who opposed the bill, on the ground that it will do harm to the farmers, we can only say that we who have supported the passage of the bill look forward to the test of the actual operation of the reciprocity measure to disprove their prophecies and allay their fears. The satisfaction that actual experience in its working will give, we confidently hope will secure its permanence. In a decade its benefits will contribute much to a greater United States and greater Canada."

MYSTERY ABOUT IDENTITY

Statement That Dead Burglar Is Temple of Atlantic Denied.

Omaha, July 24.—Though the body of the burglar killed by Councilman John Franek of South Omaha, while robbing his saloon, is declared to be that of Jack Temple of Atlantic, Ia., denials accompanied by glaring contradictions come from various sources.

After summing up the various stories told by relatives and by those who have viewed the body, the police believe that the man has been accurately identified; that an attempt has been made to suppress the burglar's identity, and, above all, that in the killing a dangerous and vicious gang of South Omaha thieves has been crippled.

Burns Back From Europe.

Indianapolis, July 24.—W. J. Burns returned here from Europe and appeared in Judge Markey's branch of the criminal court to answer to four grand jury indictments on charges of kidnapping John McNamara, the labor leader, and taking him to Los Angeles, where he is held on charges of being implicated in a number of dynamiting charges. Burns waived arraignment on plea of not guilty and gave bond of \$2,500 on each indictment.

Wyatt Earp Goes to Jail.

Los Angeles, Cal., July 24.—Wyatt Earp, Arizona marshal and gun fighter of early days, who in 1896, as a prize fight referee, disqualified Bob Fitzsimmons for a doubtful foul and awarded a decision to Tom Sharkey, was remanded to prison for failure to produce \$500 bond for his arraignment on a "get-rich-quick" charge.

Hearing in the Carr Case.

Lincoln, July 24.—Mary J. Carr, now under arrest in Omaha on a statutory charge alleged to have been committed in Chicago, has asked Governor Aldrich for a hearing before the requisition for her return is honored by the state executive.

SOLDIER SLAIN IN FIGHT AT JUAREZ

Another Man Fatally Wounded and Third Shot in Two Places.

PITCHED BATTLE IN STREET.

Row Starts From Dispute Between Insurrecto Leader and Street Commissioner—City Police and Insurgents Clash.

Juarez, Mex., July 24.—One man dead, another fatally wounded and a third shot in two places is the net result of a pitched battle in this city between police and insurgent soldiers.

The beginning of the fray was the result of an argument between Darillo Hernandez and insurrecto soldiers and Dolores Martinez, street commissioner of Juarez, in front of Martinez' residence. When Martinez requested Hernandez to desist from his argument Hernandez opened fire upon him with a pistol. Martinez ran into his residence, secured a rifle and shot Hernandez through the head, killing him.

Comrades of Hernandez at once climbed to the roof of the garrison building nearby and opened a hot fire on the Martinez residence, which was returned by a detachment of police who had appeared on the scene. About fifty shots were fired before General Blanco, who was summoned, was able to quell the disorder.

Martinez was shot in the arm and sustained a scalp wound in the fray, and Palo Lomel, another insurrecto soldier, was shot through the stomach and will die. The town is quiet today, but there is much bitter feeling.

KILL CLERK, STEAL DIAMONDS

Three Armed Men Escape in Auto in New York City.

New York, July 24.—Three armed thieves invaded the heart of the tenderloin at its gayest hour, smashed a Sixth avenue jeweler's window, shot his clerk dead, seized \$5,000 worth of diamond rings and escaped in a taxicab, pursued by scores of persons who had witnessed the murder and robbery.

A woman, who the police believe was a confederate, entered the store of Jacob Jacoby a few minutes prior to the shooting and asked Mr. Jacoby to test her eyes for glasses. While she engaged him the window glass was smashed, and Adolph Stern, a clerk, rushed to the street. A small man, with a revolver stopped him at the door. Stern tried to brush past him to get at a man who had poked his hand through the broken window and grasped a tray of diamond rings. The small man shot twice and Stern fell dead.

Passersby saw the man at the window withdraw the tray of rings, tuck it under his coat and dart across the street. He disappeared through the open door of a red touring car and was gone, with half a hundred men pursuing. These it soon outdistanced, but not until the first three numbers on the machine had been noticed. They were 537 and constitute the chief clue left for the police.

The man who shot Stern ran in the opposite direction, unseen by anyone but Jacoby, eluded him and escaped.

ADVANCE IS DELAYED

Haitien Insurgents to the North Are Awaiting Additional Forces.

Port au Prince, Haiti, July 24.—The expected advance of the revolutionists upon the capital has been delayed, the insurgents at Mirebalais, eighteen miles to the north, apparently waiting for additional forces, which are on their way from Cape Haitien. All the government troops are concentrated here and comparative quiet reigns, although some shots were fired during the night.

President Simon, who, after his arrival a few days ago from Port Liberte, took to a sick bed, appears to be much better and attended services at the cathedral.

MANIAC "SHOTS UP" TOWN

White Cloud (Kan.) Man Suddenly Goes Insane and Fires at Pedestrians.

White Cloud, Kan., July 24.—Becoming suddenly insane here, George Brooks seized a gun and terrorized the town for several hours. He fired at pedestrians and narrowly missed hitting several.

A posse headed by Sheriff Joseph Griffin of Troy and City Marshal Warren Snooks succeeded in taking the maniac after a five hours' chase in the woods. Brooks will be placed in the state hospital for the insane.

South Dakota Gets Fine Wetting.

Mitchell, S. D., July 24.—A steady soaking rain fell in this section of the state. The rain extended as far west as Chamberlain, where an inch and a half of water fell, growing lighter as it came east. A heavy rain is reported fifty miles north, covering nearly every portion of the county. Corn, which has been injured slightly by the warm weather, will be greatly benefited.

Taft Heeds Wish of Dying Friend.

Washington, July 24.—In sending to the senate the nomination of Charles S. Finch as postmaster at Lawrence, Kan., President Taft complied with the dying request of Representative A. C. Mitchell of the Second Kansas district.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

SOCIABILITY TOUR

TO BEDFORD SUNDAY BY THE MARYVILLE AUTOMOBILE CLUB.

ROYALLY ENTERTAINED

Band From Bedford Met the Party at Hopkins—Fine Supper at Bedford for the Party.

The sociability run of the Maryville Automobile club to Bedford, Ia., Sunday was a great success, and the rain of Saturday night, which delayed the start until Sunday afternoon, put the roads in the best of condition.

Seventeen cars were entered in the run and each car was crowded with occupants. The start was made from the southwest corner of the square at 2:15, under the direction of Horace Richmond, official starter, and it was about a half hour later when the last car left. The route taken was over the bottom road, and Hopkins was reached at 3:15 p. m., where the party was met by Mr. Campbell of Bedford Times-Republican and a twelve piece brass band. A stop of fifty-five minutes was made in Hopkins, a band concert filling most of the time. At 4:10 p. m. the trip was resumed and Bedford was reached one hour later, and for two hours the autoists received a royal entertainment at the hands of the Iowa people. A banquet was served at the Hotel Garland and a most excellent menu was served. It was as follows: Puffed wheat, grape nuts, toasted corn flakes, tenderloin with mushrooms, fried chicken, cream gravy, fried or broiled ham, cold roast beef, pickled ox tongue, fruit salad mayonnaise dressing, sliced tomatoes, potato chips, hot biscuit, apricot ice, Maude S. cake, ice cream, watermelon, tea, coffee, ice tea, milk.

At Hopkins, Mayor Donlin met the party with the glad hand and offered the keys to the little city, and also extended an invitation to attend the ball game played between Hopkins and the Bloomer Girls, but the party did not have time to accept. The big surprise of the day was sprung on the party when Campbell of Bedford came to Hopkins with the Bedford band. One man in the party said, in speaking of Campbell, "that he is not a camel, but a dromedary and has two humps, and one of them is humping all the time. He came originally from Chicago, and Chicago sure lost a lot of energy when he left, and as for Washington crossing the Delaware—he never would have gotten across if Campbell was not there; and as for Sherman on his march to the sea—why, Campbell was just out ahead blazing the way; and say, girls, I understand he is single, but, like the Irishman's flea, is hard to catch."

The return trip started at 7 o'clock and was made by the way of Orsburg over the east Saints Trail, or the Ridge road, the party reaching Maryville at 10 o'clock. The cars entered went in the following order:

Pilot—W. J. Staples, Mrs. Staples, Harold Staples, Miss E. Ashford.

Car No. 1—Mr. and Mrs. Bruce Montgomery, Mr. and Mrs. J. F. Montgomery, Miss Hope.

FRIGHTENED HORSE CAUSES ACCIDENT SUNDAY

Sunday afternoon about 5 o'clock Guy Mutz and wife and little babe were starting to their country home. They drove into the driveway of the Wm. Everhart ice plant and Mr. Mutz stepped out of the buggy, leaving his wife and babe, intending to hold the lines while he spoke to Mr. Everhart. Just as he stepped to the pavement the horse frightened at something, giving an unexpected plunge forward, and wrenched the lines from his hands. Turning north the horse ran out into First street, and turned west, just as they cleared the building the buggy overturned, throwing Mrs. Mutz and her babe out, dragging them several feet, then running west on First street to the R. G. Sanders home, where a big touring car was standing. The horse ran into it and the buggy was almost demolished.

Mrs. Mutz had the presence of mind to hold to her baby, and it escaped uninjured. Mrs. Mutz was not seriously hurt, but was bruised and frightened.

She narrowly escaped a serious accident.

HERE TO ATTEND WEDDING AND REUNION

Mrs. Ed Sturm of Oklahoma City will arrive in Maryville Monday night to visit at the home of her parents, Mr. and Mrs. C. Q. Smith, and at Mr. Sturm's parents, Mr. and Mrs. Nic Sturm, of South Main street. On August 9th she will accompany the Smith family to Kansas City to attend the wedding of Charles Woodson Smith, the eldest son of C. Q. Smith, and Miss May Frances Cunningham of Kansas City at the cathedral.

Mrs. Lawrence Hunt of Lamar, Col., will join them there and the entire family will return to the home of C. Q. Smith, where a family reunion will be held.

Contest People Gone.

Mr. and Mrs. John Dempsey, who conducted the pony contest for the Tribune, which closed last Tuesday, went to Marshall, Mo., where they will conduct a contest for the paper. Their home is in Detroit, Mich. While here they made their home with C. Q. Smith and family, on South Main street.

A marriage license was issued in Kansas City to Harry C. Miller of Eagleville, Mo., and Miss Rosa Ingram of Hopkins.

Mrs. George Anderson of Bolckow, accompanied by her father, John Gilden of Bolivar, Mo., who is visiting her, were in Maryville Saturday on business.

ELECTION ON AUG. 15

TO VOTE ON \$100,000 BOND ISSUE TO INSTALL WATER PLANT.

COUNCIL MAKES ORDER

For the Election, Every Member of the Board Voting For It—Judges Were Selected.

A special election will be held on Tuesday, August 15, at which time the people of Maryville will vote on the proposition of issuing \$100,000 bonds to install a water plant. Such an ordinance ordering an election was adopted by the council Saturday evening, every member of the board voting for it.

Before the vote was taken on the ordinance, Mayor Robey recommended that every member of the council vote for the adoption of the ordinance, as he personally wished. While there seems to be some opposition to the bond issue from a few members of the council, still they voted for the ordinance, giving the people a right to say how they stand. These members were of the opinion that they could get a fair and reasonable rate from the company. But the city has been trying to get a fair and reasonable rate from the company for the last six years or so, and none has ever been offered, and there don't seem much show that a fair and reasonable rate will ever be given, unless this bond issue will cause them to do it.

As one member of the council said, "the carrying of the bond issue will cause the present water company to get busy. They will either offer what is considered a fair and reasonable rate on a franchise or they will sell their plant at a fair price. I don't think that the water company will dig up their mains and take out their machinery, as they have been stating from time to time that the plant has been losing money, and I would think that they would be glad for the city to buy either their mains or any part of their machinery that is in good condition."

The ordinance also provides for the collection of an annual tax sufficient to pay the interest of such indebtedness as it falls due, and to constitute a sinking fund for the payment of the principal thereof at maturity. The members of the council feel that it would be necessary to provide for a tax levy probably for the first year, but after that the receipts would be enough to cover all expenses and it would not be necessary to have an extra tax levy.

The polling places in the city will be as follows:

- First ward—City hall.
- Second ward—Robey's garage.
- Third ward—Gray's feed yard.
- Fourth ward—Nodaway Manufacturing company's shop.

The judges of the election were also selected and will be:

- First ward—L. C. Gann and Noah Sipes.
- Second ward—William G. Sawyers and I. V. McMillan.
- Third ward—J. F. Cook and David Munn.
- Fourth ward—William Helphy and William Meyer.

The ballots of the special election will be in this form:

"For increase of debt—Yes," or "For increase of debt—No."

If the city can get a reasonable offer from the water company on a franchise and it is acceptable, it won't be necessary to issue the bonds, even if they do carry. It is thought by many that the city will never have to issue bonds to install a plant here, as the present company will come down "off their perch" and do what is reasonable and fair in rates.

The city can either buy any part or all of the present company's plant or go ahead and put in a new one, so the ordinance provides.

It is necessary for a two-thirds majority for the bond issue to carry.

PLENTY OF ARTIFICIAL ICE ON HAND NOW

William Everhart, manufacturer of ice on South Main street, began the manufacture of ice Monday to be used exclusively. With the supply of water on hand the water company is furnishing full service to the city, and Mr. Everhart thinks it well to keep the river ice as long as he can supply the demand with artificial ice.

HIS FIRST SERMON

AS PASTOR OF THE CHRISTIAN CHURCH OF THIS CITY.

SPECIAL MUSIC GIVEN

Rev. Claude J. Miller of Des Moines Commenced His Pastorate of the Church Sunday.

Rev. Claude J. Miller of Des Moines, Ia., who was last Sunday called by the members of the First Christian church to accept the pastorate of the church to succeed Dr. L. O. Bricker, who recently left the church here to accept the pastorate of the Christian church at Atlanta, Ga., preached his first sermon here Sunday morning as pastor of the church. Rev. Miller read as a Scripture lesson part of the 15th

REV. CLAUDE JOHN MILLER, The New Pastor of the First Christian Church of This City.

chapter of I Corinthians, taking as his text the 5th verse: "Therefore, my beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord, forasmuch as ye know that your labor is not in vain in the Lord."

His subject was "The Three Landmarks of Apostolic Faith," which he classified as follows:

The first landmark—Be ye steadfast. No matter what our environments God expects us to be steadfast. St. Paul, the writer of the chapter from which the text was taken, was steadfast even in the evil city of Corinth. The soldier's true test of chivalry is not in marching in line with waving colors to the sound of grand music, with an applauding crowd cheering them ever onward, but in responding to the call to fight, in suffering hardships without murmur, and even in giving one's life gladly if given in the cause of right. The test of a Christian is not in doing the grand things of life, but in the doing of the little things every day in the home, in the business world and in conquering self.

The second landmark—Be unmovable. "We, as Christians," said Rev. Miller, "need the unmovableness of a Gibraltar. Humanity, in general, can be depended upon. Many may deceive us, and betray us, but we must overlook their deceit and falseness, as sometimes it is thoughtlessness of heart that causes them to wound us. The test of a sailor is not when the ship is launched to the shore with waving banners and the praise of the multitude, but the true test is when he meets peril out in midsea and meets it bravely and undauntingly. The true test of a Christian is out on the billows of sorrow, when he shows a true spirit which overcomes every obstacle."

The third landmark, as set forth in Rev. Miller's discourse—"Always abounding in the work of the Lord. Not only when things go just right, but under any circumstances, not cursing our fellow men. If a brother be overtaken in a fault, ye who are spiritual restore such an one. We cannot all be leaders, but if we will be content in our station and do the duties set for us to do without even expecting thanks from the world we will be acceptable in the eyes of Christ. Has the world ever thanked God for His gift to it? Yet, how willingly He has given His own Son to die for our sins."

The speaker made an earnest exhortation to his people to go about doing good, practicing the Christian religion, giving their best service, being heroic always.

"Steadfastness, unmovableness, always abounding in the work of the

Lord are the rocks over which we can reach Jordan."

The Sunday evening sermon was evangelical, the subject being "God's Balances." The baptismal service was administered.

Large audiences attended both services. Special music was rendered by the choir under the direction of Prof. H. J. Becker, with Dr. D. J. Thomas accompanist on the magnificent pipe organ. Miss Ruth Ingman, soloist of one of the churches in Pueblo, Col., assisted the choir at the evening service. Following is the musical program:

Morning service:
Anthem—"Oh, Thou, Whose Tender Mercy".....Harry Hale Pike Choir.

Evening service:
Male octet—"Memories of Galilee".....Palmer W. E. Goforth, Kenneth Frazier, Otto Frazier, Mr. Flint, Ray Poland Ed Gray, F. Reavis, H. J. Becker.
Mixed quartet—"There is a Land Mine Eye Hath Seen".....Crownschild Mrs. F. P. Robinson, Miss Saylor, W. E. Goforth, H. J. Becker.
Soprano solo—"The Light is Growing Dim".....Shelley Miss Ingman.

In Rev. Miller's talk preceding his sermon he spoke many complimentary words of the former pastor, Dr. L. O. Bricker, who was so well beloved by the members and friends of the church, and entreated the church to stand loyally by the younger man on whom the mantle had fallen.

Rev. Miller will move here from his former home, Des Moines, in the next few days. He comes highly recommended both as a citizen and as a speaker, and the church here feels confident that he will make a worthy successor to Dr. Bricker.

W. A. George of Lexington, Neb., was in Maryville Saturday on a short business trip.

Charles P. Heekin of St. Joseph was a Maryville visitor Saturday. He formerly lived here.

Mrs. A. M. Hilgert and son and Miss Mary Hilgert of St. Joseph were in the city Monday on a business trip.

Miss Elizabeth Saunders, at 805 North Walnut street, went to St. Joseph Saturday evening to visit Mrs. Walter Davis.

Miss Minnie Everhart and Miss Eunice Skinner returned Monday morning to Maryville and their studies at the Normal from a week-end visit at Miss Everhart's home in Pickering.

Mrs. Moses Nusbaum left Monday morning for Plattsburg, Mo., where she will spend four or six weeks, visiting with her daughter, Mrs. Abraham Swike.

Okel Fuqua of Savannah arrived Friday night for a visit at the home of his sister, Mrs. Ellis Cook, on West First street.

J. A. Younger of Elmo was a Maryville visitor Sunday.

Mr. and Mrs. G. L. Purcell of Bedford were guests of Mrs. Purcell's parents, Mr. and Mrs. G. W. Swinford of Maryville, Saturday.

Mrs. A. E. McMaster of Hopkins, who has been seriously ill, was taken to the hospital in St. Joseph Saturday afternoon, where she underwent a surgical operation Sunday. The operation was successful and she is reported improving.

J. H. Thompson of Quitman came to Maryville on business Monday.

Mrs. J. I. Mayfield of Parnell was shopping in Maryville Saturday.

Miss Mabel Simons of Grant City and Miss Lois Stewart of Parnell, who attends the State Normal, visited home folks Saturday and Sunday.

Mrs. Edward Archer and son, Lawrence, and her sister, Miss Martha Villeg, of Conception, were shopping in Maryville Saturday.

The little Misses Mary and Ruth Anthony of Hopkins arrived Saturday evening to visit their grandmother, Mrs. C. H. Anthony of North Buchanan street.

DROUTH IS ENDED

A GENEROUS RAIN FELL ALL OVER THIS SECTION.

RIVER IS BANK FULL

Water Company and Electric Light Plant Restored Their Service Today.

The long drouth this section has suffered was broken Saturday night, when a rain of about two inches fell all over Nodaway county and this part of the country. At 10:30 o'clock Saturday night a gentle rain began falling and continued to about 4 o'clock Sunday morning, the total precipitation amounting to 1.58 inches in Maryville. In some parts of the county the rainfall was 2 inches.

This is the first rain of any consequence since May, and is worth many a dollar to Nodaway county. It means a good corn crop, and pastures were greatly benefited.

The 102 river, which has been so low that it was necessary for the water company to cut off their service except for five hours out of the twenty-four hours for the last ten days or so, is bank full Monday morning and the water is running over the dam near the pump house. The water company pumped the greater part of the day Sunday and full service was restored today. There is plenty of water in the river, and it will not be necessary for the water company to shut down again.

The Electric Light company, which also shut down part of their service on account of the shortage of water, was running everything Sunday night and will continue to do so.

The crisis in Maryville is over from the shortage of water, and Manager G. B. Roseberry of the water company said Monday morning that there was plenty of water in the river and the water company need not shut off part of their service any more.

The rainfall by months up to July in 1911 is: January .93, February 3.96, March 1.69, April 1.75, May 2.81, June 1.03.

The weather is cooler, and on Sunday it was not over 84 degrees by the government thermometer. On Monday the thermometer was 71.

ANNUAL BUSINESS MEETING POSTPONED

The annual business meeting of the Christian church of Pickering has been postponed from the first Sunday in August to the first Sunday in September on account of the absence of the pastor, F. M. Lindenmeyer, who, with his family, is spending his vacation with relatives in Iowa and Minnesota. A good program is being arranged and the attendance of the entire membership of the congregation is desired Sunday, September 3.

Frank McKee and wife of near Bagnard were shopping in the city Saturday.

William Tame, W. R. Tame, Vee Gray and Alfred Owens of Hopkins were in Maryville Saturday evening.

The Weather

Fair and cooler today; Tuesday fair.

A Curious Swiss Custom.

In one part of the canton of Ticino, Switzerland, a very quaint marriage ceremony prevails. The bridegroom dresses in his "Sunday best" and, accompanied by as many friends and relatives as he can muster for the fete, goes to claim his bride. Finding the door locked, he demands admittance. The inmates ask him his business, and he solicits the hand of his chosen maiden. If his answer is deemed satisfactory he is successively introduced to a number of matrons and maids, some perhaps deformed and others old and ugly. Then he is presented to some large dolls, all of whom he rejects with scorn amid general merriment. The bridegroom, whose temper is sometimes sorely tried, is then informed that his ladylove is absent and is invited to come in and see for himself. He enters and searches from room to room until he finds her in her bridal dress ready to go to church. Then all his anxiety is at an end, and the nuptials are duly celebrated.

W. R. C. SOCIAL SATURDAY A SUCCESS

The Woman's Relief Corps gave a social Saturday evening on the court house lawn which was a pronounced success, both socially and financially. The ladies planned to give the social on Flag day, but had to postpone it on account of the rain at that time, and it had not been opportune as to time until Saturday, when the ladies planned to give the social. This time they were more fortunate, for while there was a good rain, it did not come until after the ladies had gone to their respective homes. A large crowd witnessed the presentation of the handsome American flag by the ladies of the corps to the boys of Company F. Mrs. R. M. Black made a fitting speech in presenting the flag, to which Captain Cook responded in behalf of Company F.

The receipts of the evening were something like \$40. Many compliments were heard on the refreshments served.

IN FAVOR OF SHORTER TERM OF SCHOOL

At the chapel exercises of the Normal Monday morning a lengthy discussion was had as to the advisability of a shorter summer term. Numbers of the students and teachers expressed their opinion for or against a nine weeks' term of forty-five days, five days per week, as against the present sixty-day term of a ten-week session of six days each, or the twelve-week session of five days each. There is no doubt that the present long term is too hard on many of the students who have to teach the following winter. It is required by law, however, and three approved grades may be made in that time. The consensus of opinion among both students and teachers favored the forty-five day session with only two approved grades, the plan under which the summer sessions of the state university are carried on.

The action of the members of the Normal is in no manner official, and will only be used as an influence at the next legislature for a change to the shorter session. The Normal schools all over the state hold the same sessions, and it is too much of a strain through the hot weather, and when immediately preceded or followed by nine months of school work. They would all welcome the change.

Visiting Old Home.

CONGRESS STILL FACING BIG JOB

Important Legislation to Be Enacted Before Adjournment.

WOOL BILL WILL BE PASSED.

Free List, Congressional Reapportionment and New Mexico and Arizona Statehood Measures on Calendar. Deadlock Likely.

Washington, July 24.—With the Canadian reciprocity bill disposed of, having passed the senate by a vote of 53 to 27, congress now will get actively to work with a view to adjournment at the earliest possible moment.

Various guesses are made by leaders of the two houses, Senator Penrose of Pennsylvania suggesting Aug. 15, while Speaker Clark does not expect the special session to end before the first of September.

In the meantime, there will be a great deal of important legislation enacted. Besides the reciprocity measure, just passed, congress will put upon the statute books: A wool bill, a free list bill, a congressional reapportionment bill, a bill admitting Arizona and New Mexico into the Union.

Any one of the above measures contains the germs of a deadlock between the two houses. This particularly is true of the wool bill.

Disagreement on Wool Bill.

The Democrats of the two houses are determined that congress shall not adjourn without enacting a measure for the revision of the notorious schedule "K." This is the attitude also of the progressive Republicans of the senate. Combined, the Democrats and progressives can pass a bill dealing with this subject. Divided nothing can be done. The senate Democrats want the house wool bill to be passed by the senate. The progressive Republicans want a bill drafted by Senator La Follette adopted. Negotiations have been on for some days with a view to reaching an agreement, but thus far they have failed.

If when the vote is taken on the wool bill the La Follette substitute should be voted down and the Democratic measure should be beaten, a wool proposition can be attached as an amendment to the so called farmers' free list bill. It is likely these will be the tactics employed.

The several factions in the senate will go on record in connection with the wool duties, and when this has occurred then action looking to a compromise will occur. No one has much doubt that a wool bill will be passed either as an independent measure or as an amendment to the free list proposal.

The latter will be swelled by other amendments. For instance, the Democrats are likely to accept a proposition made by Senator Bristow of Kansas removing the differential on sugar and abolishing the artificial and unnecessary Dutch standard. They also will be disposed to vote for amendments offered by Senator Cummins of Iowa, reducing the duties on steel. Various other amendments looking to a reduction on manufactured articles likewise have a chance of adoption.

FIND MORE HUMAN REMAINS

Total Recovered Up to Date Now Reaches Eleven.

Havana, July 24.—The remains of bodies, supposed to represent six or seven members of the crew of the Maine, were recovered, bringing the total so far found to eleven. All were discovered beneath the enormous mass of wreckage on the central superstructure near the inverted conning tower.

The bodies were piled in a confused mass. Hardly a single member is intact, most of them showing evidence of the action of the fire which, immediately after the explosion, raged in that section of the ship.

Gideons Re-elect Officers.

Milwaukee, July 24.—At the national convention of the Order of Gideons, a religious order among commercial travelers, the following officers were re-elected: National president, A. B. T. Moore of Cedar Rapids, Ia.; treasurer, Nels Rylander of Chicago; secretary, W. E. Henderson of Chicago; chaplain, L. C. Smith of Waukesha, Wis. A. E. Mielenz of Milwaukee was elected vice president, the only new officer. Atlanta, Ga., was selected for the 1912 convention.

Former Judge Kills Self.

St. Louis, July 24.—Registering under an assumed name at a hotel, former Circuit Judge W. E. Fisse, one of the best known attorneys of St. Louis, killed himself with a revolver. His friends ascribe the cause to a nervous breakdown.

San Francisco, July 24.—Charges that experts in the department of agriculture, through ignorance or worse, are sending out tons of "just as good as Burbank" spineless cactus, which in reality is "ancient trash, such as the builders of the pyramids in Egypt might have cultivated," are made by Luther Burbank.

Mr. Burbank fires a broadside of sarcasm and scorn at the experts in the department. He speaks of his own achievements as "the most valuable improvements in vegetable life during the centuries and fully equal in importance to the discovery of a new continent."

ONE DEATH FROM CHOLERA IN BOSTON

Lodging House Proprietress Dies of Dread Disease.

Boston, July 24.—Asiatic cholera has reached Boston and caused one death, while two foreign sailors who are believed to have brought the disease here, after being ill, have disappeared and their whereabouts is unknown, according to a statement given out by the Boston Board of health.

The victim was Mrs. Mastrodonico. She took into her home as lodgers a few weeks ago two sailors who are said to have come from an Italian port. The sailors were ill and have disappeared. The children of the woman are under observation and the board has begun an examination of many persons who have come into contact with the dead woman.

CASE DIAGNOSED AS CHOLERA

Fumigating Squad Follows Trail of Spanish Sailor in New York.

New York, July 24.—Medical experts from the board of health swept aside the doubts and waning hopes of Bellevue hospital doctors by diagnosing as Asiatic cholera the case of Manuel Bermudes, the Spanish sailor, whom the big hospital has sheltered for two days. The verdict was hardly given before a closed ambulance, bearing Bermudes, rumbled away to a nearby pier, and placed the victim aboard a waiting vessel which steamed down the harbor for quarantine.

Manhattan's first case of the plague by infection came as a shock to the municipal authorities, who lost no time in attempting to purge the city of any germs that may be left behind. In the trail of the sailor—two days cold—there traveled a fumigating squad to the boarding house where the malady attacked him. For five hours they turned their batteries upon the structure, which, they said, was left without a living germ of the disease.

Swinburne island hospital lost another sufferer from the cholera, a seventeen-year-old boy who was a steerage passenger on the steamer Mokke.

Bid for First Canal Trip.

Washington, July 24.—"It delights me to know that there are people in the Mississippi valley who are taking practical steps to improve our merchant marine," wrote President Taft, in reply to a letter asking him to permit a vessel of the Mississippi Valley, South American and Orient Steamship company, which plans to build a fleet of American vessels, to sail through the Panama canal first.

Zimmerman Comes to Iowa.

RECIPROCITY BILL MARKS NEW EPOCH

President Taft Issues Statement
Anent Passage of Measure.

HOPES CANADA WILL AGREE

Belief of Executive That Carrying Out of Provisions of Treaty Will Bring Surprising Value to Economic Conditions of the Country.

Beverly, Mass., July 24.—In the first statement he has made since the passage of the reciprocity bill by the senate, President Taft, at the summer White House, freely acknowledged that his long, hard campaign in behalf of that measure would have proved unavailing if the Democrats had not helped him.

The statement reads as follows: "That I am very much pleased with the passage of the Canadian reciprocity bill through both houses of congress goes without saying. I believe and hope it will be followed by similar action by the Dominion parliament."

"In my judgment, the going into effect of the agreement will mark a new epoch in the relations between the United States and Canada, and will tend to a marked increase in the trade between the two countries, which will be in every way beneficial to both."

"I hope the credit that belongs to Secretary Knox and his special assistants at the state department in the negotiating and framing of the pact and their lucid explanation and defense of its terms will not be withheld."

"In a sense, the bill passed was a nonpartisan measure, though the Republicans who voted for it probably did so on an economic theory and the Democrats who voted for it on another. I should be wanting in straight forward speaking, however, if I did not freely acknowledge the credit that belongs to the Democratic majority in the house and the Democratic minority in the senate for their consistent support of the measure, in an earnest and sincere desire to secure its passage."

No Amendments Tacked On.
"Without this reciprocity would have been difficult for them to fasten upon the bill amendments affecting the tariff generally in such a way as to embarrass the executive and to make it doubtful whether he could sign the bill, and yet to claim popular approval for their support of reciprocity in its defeat. In other words, the Democrats did not 'play politics' in the colloquial sense in which those words are used, but they followed the dictates of a higher policy."

"We Republicans who have earnestly sought reciprocity and some of whose votes were necessary to the passage of the bill may properly enjoy mutual felicitations on a work well done. To those who opposed the bill, on the ground that it will do harm to the farmers, we can only say that we who have supported the passage of the bill look forward to the test of the actual operation of the reciprocity measure to disprove their prophecies and allay their fears. The satisfaction that actual experience in its working will give, we confidently hope will secure its permanence. In a decade its benefits will contribute much to a greater United States and greater Canada."

MYSTERY ABOUT IDENTITY

Statement That Dead Burglar Is Temple of Atlantic Denied.

Omaha, July 24.—Though the body of the burglar killed by Councilman John Franek of South Omaha, while robbing his saloon, is declared to be that of Jack Temple of Atlantic, Ia., denials accompanied by glaring contradictions come from various sources.

After summing up the various stories told by relatives and by those who have viewed the body, the police believe that the man has been accurately identified; that an attempt has been made to suppress the burglar's identity, and, above all, that in the killing a dangerous and vicious gang of South Omaha thieves has been crippled.

Burns Back From Europe.
Indianapolis, July 24.—W. J. Burns returned here from Europe and appeared in Judge Markey's branch of the criminal court to answer to four grand jury indictments on charges of kidnaping John McNamara, the labor leader, and taking him to Los Angeles, where he is held on charges of being implicated in a number of dynamiting charges. Burns waived arraignment on plea of not guilty and gave bond of \$2,500 on each indictment.

Wyatt Earp Goes to Jail.
Los Angeles, Cal., July 24.—Wyatt Earp, Arizona marshal and gun fighter of early days, who in 1896, as a prize fight referee, disqualified Bob Fitzsimmons for a doubtful foul and awarded a decision to Tom Sharkey, was remanded to prison for failure to produce \$500 bond for his arraignment on a "get-rich-quick" charge.

Hearing in the Carr Case.
Lincoln, July 24.—Mary J. Carr, now under arrest in Omaha on a statutory charge alleged to have been committed in Chicago, has asked Governor Aldrich for a hearing before the requisition for her return is honored by the state executive.

SOLDIER SLAIN IN FIGHT AT JUAREZ

Another Man Fatally Wounded
and Third Shot in Two Places.

PITCHED BATTLE IN STREET.

Row Starts From Dispute Between Insurrecto Leader and Street Commissioner—City Police and Insurgents Clash.

Juarez, Mex., July 24.—One man dead, another fatally wounded and a third shot in two places is the net result of a pitched battle in this city between police and insurgent soldiers.

The beginning of the fray was the result of an argument between Darillo Hernandez and insurrecto soldiers and Dolores Martinez, street commissioner of Juarez, in front of Martinez' residence. When Martinez requested Hernandez to desist from his argument Hernandez opened fire upon him with a pistol. Martinez ran into his residence, secured a rifle and shot Hernandez through the head, killing him.

Comrades of Hernandez at once climbed to the roof of the garrison building nearby and opened a hot fire on the Martinez residence, which was returned by a detachment of police who had appeared on the scene. About fifty shots were fired before General Blanco, who was summoned, was able to quell the disorder.

Martinez was shot in the arm and sustained a scalp wound in the fray, and Palo Lemel, another insurrecto soldier, was shot through the stomach and will die. The town is quiet today, but there is much bitter feeling.

KILL CLERK, STEAL DIAMONDS

Three Armed Men Escape in Auto in New York City.

New York, July 24.—Three armed thieves invaded the heart of the tenderloin at its gayest hour, smashed a Sixth avenue jeweler's window, shot his clerk dead, seized \$5,000 worth of diamond rings and escaped in a taxicab, pursued by scores of persons who had witnessed the murder and robbery.

A woman, who the police believe was a confederate, entered the store of Jacob Jacoby a few minutes prior to the shooting and asked Mr. Jacoby to test her eyes for glasses. While she engaged him the window glass was smashed, and Adolph Stern, a clerk, rushed to the street. A small man, with a revolver stopped him at the door. Stern tried to brush past him to get at a man who had poked his hand through the broken window and grasped a tray of diamond rings. The small man shot twice and Stern fell dead.

Passerby saw the man at the window withdraw the tray of rings, tuck it under his coat and dart across the street. He disappeared through the open door of a red touring car and was gone, with half a hundred men pursuing. These it soon outdistanced, but not until the first three numbers on the machine had been noticed. They were 537 and constitute the chief clue left for the police.

The man who shot Stern ran in the opposition direction, unseen by anyone but Jacoby, eluded him and escaped.

ADVANCE IS DELAYED

Haitian Insurgents to the North Are Awaiting Additional Forces.

Port au Prince, Haiti, July 24.—The expected advance of the revolutionists upon the capital has been delayed, the insurgents at Mirebalais, eighteen miles to the north, apparently waiting for additional forces, which are on their way from Cape Haitien. All the government troops are concentrated here and comparative quiet reigns, although some shots were fired during the night.

President Simon, who, after his arrival a few days ago from Port Liberte, took to a sick bed, appears to be much better and attended services at the cathedral.

MANIAC "SHOTS UP" TOWN

White Cloud (Kan.) Man Suddenly Goes Insane and Fires at Pedestrians.

White Cloud, Kan., July 24.—Becoming suddenly insane here, George Brooks seized a gun and terrorized the town for several hours. He fired at pedestrians and narrowly missed hitting several.

A posse headed by Sheriff Joseph Griffin of Troy and City Marshal Warren Snooks succeeded in taking the maniac after a five hours' chase in the woods. Brooks will be placed in the state hospital for the insane.

South Dakota Gets Fine Wetting.
Mitchell, S. D., July 24.—A steady soaking rain fell in this section of the state. The rain extended as far west as Chamberlain, where an inch and a half of water fell, growing lighter as it came east. A heavy rain is reported fifty miles north, covering nearly every portion of the county. Corn, which has been injured slightly by the warm weather, will be greatly benefited.

Taft Heeds Wish of Dying Friend.
Washington, July 24.—In sending to the senate the nomination of Charles S. Finch as postmaster at Lawrence, Kan., President Taft complied with the dying request of Representative A. C. Mitchell of the Second Kansas district.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.
